At a proper chippy, FISH MATTERS

That's why we offer a choice of
cod, haddock, hake & saithe.

All come from the cod family, so the clean flavour and flake that fish & chips is built on is always there. What changes is the texture, sweetness, and bite — so you can order what suits you best.

COD

The Classic (Premium)
The traditional favourite.
Large, soft flakes with a mild, delicate flavour.
Light in texture and beautifully clean. If you want the classic chippy experience, this is it.

HADDOCK

The Favourite for Flavour
Firmer than cod with a naturally sweeter taste.
Richer on the palate and deeply satisfying.
A favourite among those who know their fish.

HAKE

Naturally thicker through the fillet. Soft, meaty and gently sweet — a fuller, more substantial bite.

SAITHE

Richer in flavour with a thicker, filling texture. Excellent value and very satisfying.

FISH

- We use skinless fish
- Add tartare sauce for 0.50p
